DETAILED ACTION

Status of Claims

Claims 1-14 and 19-23 are pending.

Claims 15-18 have been cancelled.

New claims 19-23 have been added.

Claims 10-14 have been withdrawn.

Specification

The specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

This application currently names joint inventors. In considering patentability of the claims under 35 U.S.C. 103(a), the examiner presumes that the subject matter of the various claims was commonly owned at the time any inventions covered therein were made absent any evidence to the contrary. Applicant is advised of the obligation under 37 CFR 1.56 to point out the inventor and invention dates of each claim that was not commonly owned at the time a later invention was made in order for the examiner to consider the applicability of 35 U.S.C. 103(c) and potential 35 U.S.C. 102(e), (f) or (g) prior art under 35 U.S.C. 103(a).

Information Disclosure Statement

Receipt of the Information Disclosure Statement filed 01/26/04 is acknowledged and has been entered into the file. A signed copy of the 1449 is attached herewith.

Response to Restriction

Applicant's election of Group I, species of Example 42, (N-hydroxy-2-(3-{[4-(2-methyl-quinolin-4-ylmethoxy)-phenyl]-4,5-dihydro-isoxazol-5-yl}-pyrrolidin-3-yl)-acetamide in the reply filed on 12/02/05 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)). The election of Group I and species of Example 42, in so far as the compounds are concern, are readable on compounds of structural formula (I), claims 1-9 and 19-23. The withdrawn method of use claims (i.e., 10-14) will be rejoined with the compounds and composition claims of Group I when said claims are amended to be commensurate in scope with compounds and free of any possible rejection under 35 USC 112.

The requirement is still deemed proper and is therefore made FINAL.

This application is in condition for allowance except for the following formal matters:

The presence of non-elected subject matter in the claims.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
